

# Setting the Record Straight

**P**astor Dalton Douglas shares some powerful thoughts concerning Donald Trump: “I’ve heard too many say lately that we – the American people – had NO real choice in the 2016 election!

Do you really think that God would leave us with no choice? **Come on people!** Where’s your faith? He heard our cries, and provided a choice!

In defense of **Donald Trump**, try to keep these points in mind:

**Donald Trump did not** steal your money.

**Donald Trump did not** raise your taxes.

**Donald Trump did not** quadruple the price of food.

**Donald Trump is not** starting a race war.

**Donald Trump did not** leave any US soldiers in Benghazi to be slaughtered and desecrated by Muslims.

**Donald Trump did not** send the US Navy to fight for Syrian Al-Qaeda.

**Donald Trump did not** arm ISIS and systematically exterminate Christians throughout the Middle East.

**Donald Trump did not** betray Israel.

**Donald Trump did not** provide financing and technology to Iran’s nuclear weapons program.

**Donald Trump did not** give our military secrets to China.

**Donald Trump did not** remove our nuclear missile shield in Poland at the behest of Russia.

**Donald Trump did not** shrivel our military, and betray our veterans.

**Donald Trump did not** ripple our economy.

**Donald Trump did not** increase our National Debt to 20 trillion dollars.

**Donald Trump did not** ruin our credit, twice.

**Donald Trump did not** double African American unemployment.

**Donald Trump did not** increase welfare to a record level for eight years.

**Donald Trump did not** set free Muslim terrorists from Guantanamo bay.

**Donald Trump did not** steal your rights, violate US Constitutional law, or commit treason hundreds of times.

Yet, **Donald Trump** is being ripped apart in the news, nonstop, while Barrack Hussein Obama, Hillary Clinton and the criminals occupying our government go Scott free. The media **IS** the house organ of the Democrat Party. Save our culture. ***Stop listening to their shameless lies!***
