

Trump is the Picasso of Politics!

The first rule of Magic is **"DISTRACTION,"** and does **Trump** distract! This article, by Wayne Allyn Root, sums up **President Trump's** strategy and success!

"I have breaking news for you. **Donald Trump's** tweets are not a mistake. This isn't insanity. He's not nuts. He's not stupid. Actually, he's a genius.

Trump is the Picasso of tweets. Monet meets Beethoven. The **Saul Alinsky** of conservatives and capitalists. **Trump** is the first politician from the right to figure out how to stop the radical left by driving them crazy.

Trump has destroyed the left with tweets. Just look at them in disarray. From **Kathy Griffin**, to **Jeff Zucker** of CNN, to **Bernie Sanders**, to **Megyn Kelly** – liberals lay in smoldering ruins.

Branch Rickey once said, *"Luck is the residue of design."* Maybe it's time for liberals to admit that **Trump's** crazy tweets aren't so crazy after all. They are purposeful. He's driving liberals nuts with rage, while distracting them so they don't even see what's happening

Sure **Trump's** tweets turn off lots of Democrats. **Who cares?** Sure he turns off the media. **Who cares?** Sure he turns off plenty of young people who never vote. **Who cares?** Sure he turns off the people walking along Venice Beach or Melrose Avenue in Los Angeles. **Who cares?** None of these people were ever voting for him in the first place. Many of them don't vote at all.

Liberals claim **Trump** is mentally ill. But he's just much smarter than they are. He's playing at a different level.

Trump is doing **The Art of the Deal**. For **Trump**, it's about winning. How he wins is immaterial. He doesn't mind shocking, outraging, offending or even embarrassing himself. He is using guerrilla warfare

to beat the left. **Trump** is deflecting and distracting his critics and enemies while he passes his entire agenda.

While **Trump** is busy tweeting, offending, enraging and infuriating, he is quietly – behind the scenes fundamentally changing America. Or haven't you noticed?

Trump is erasing **Obama** like he never existed. Trump is demolishing the socialist dreams of **Obama** and **Sanders** and **Hillary** and **Valerie Jarrett** and their radical Marxist mentor, **Saul Alinsky**.

Trump is destroying the Democrat Party – pushing it so far to the left it will have no chance in 2020. **Trump** is destroying the media. **Trump** will keep his job far longer than CNN President **Jeff Zucker**. **Wanna bet?**

Trump has destroyed **Kathy Griffin's** career. The only head she cut off was her own. **Trump** has destroyed **Megyn Kelly's** career. Advertisements for personal injury lawyers have higher ratings than Kelly's new show.

Bernie Sanders' wife is under investigation for fraud. The careers of former FBI director **James Comey** and acting FBI Director **Andrew McCabe** are in tatters. McCabe is under three separate criminal investigations.

A little birdie in government tells me **Hillary Clinton** and the entire **Clinton Foundation** will soon be under federal indictment.

There's no more funding of liberal causes by Department of Justice lawsuits. The National Labor Relations Board is becoming pro-business. There's no more political persecutions of conservatives by the IRS, DOJ or FBI. Border crossings are down by 50 to 70 percent, depending on which stat you believe.

Trump's going after welfare for illegals. **Trump's** going after voter fraud by illegals. The travel ban is in effect. The number of Muslim refugees let into America is being cut dramatically.

Soon, one way or another, there will be no more **Obamacare**. Soon, there will be no more high Obama taxes. Soon, construction of a wall will begin. Soon, **Trump** will get to name a third, and maybe even a fourth U.S. Supreme Court justice. Trump's Supreme Court will turn America red for the next 40 years.

Liberals are toast. **Obama** is erased. **Hillary** will be tied up in court for years to come. Military are beloved and respected again.

All is well in my world. How about yours? **Trump** has outwitted the left. **Trump is an artist!**

Why Ford came forward

Behind the right hand held sternly in the air during the swearing-in ceremony to tell the truth, there are four compelling reasons why Dr. Ford came forward with her **"revelations."**

1 She owns a major portion of the company that makes the morning after abortion pill and she is afraid **Kavanaugh** will overturn **Roe vs Wade**, therefore making her million dollar empire go caput.

2 She's a professor at the same college (Palo Alto U) where **Diane Feinstein's** husband, **Richard Blum**, is on the board of directors. She has worked with Blum on the **"resist Trump"** movement for two years.

3 Dr. Blasey-Ford's brother, **Tom Blasey**, is business partners with **Peter Strzok's** cousin, **Jill Strzok**, for a company called **Exiles Inc.** Enough said there.

4 **Feinstein** and **Chuck Schumer** appointed lawyers to set up three **GoFundMe** pages for her the week **BEFORE** she testified, which are currently up to over a million dollars for her to keep as payment for her testimony. I can go on if you would like. **Don't believe for one minute this "professor" came out of nowhere.**

The ten most destructive Americans of my eight decades

Frank Hawkins wrote the following article. He is a former US Army intelligence officer, Associated Press foreign correspondent, international businessman, senior newspaper company executive, founder and owner of several marketing companies and published novelist. He is currently retired in North Carolina.

“America has undergone enormous change during the nearly eight decades of my life. Today, America is a bitterly divided, poorly educated and morally fragile society with so-called mainstream politicians pushing cynical identity politics, socialism and open borders. The president of the United States is threatened with impeachment because the other side doesn’t like him. The once reasonably unbiased American media has evolved into a hysterical left wing mob. How could the stable and reasonably cohesive America of the 1950s have reached this point in just one lifetime? Who are the main culprits? Here’s my list of the 10 most destructive Americans of the last 80 years.

10 Mark Felt – Deputy director of the FBI, aka “Deep Throat” during the Watergate scandal. This was the first public instance of a senior FBI officially directly interfering in America’s political affairs. Forerunner of James Comey, Peter Strzok, Lisa Page and Andrew McCabe.

9 Bill Ayers – Represents the deep and ongoing leftist ideological damage to our education system. An unrepentant American terrorist who evaded punishment, he devoted his career to radicalizing American education and pushing leftist

causes. Ghost wrote Obama’s book, Dreams of My Father.

8 Teddy Kennedy – Most folks remember Teddy as the guy who left Mary Joe Kopechne to die in his car at Chappaquiddick. The real damage came after he avoided punishment for her death and became a major Democrat force in the US Senate, pushing through transformative liberal policies in health care and education. The real damage was the 1965 Hart-Cellar immigration bill he pushed hard for that changed the quota system to increase the flow of third world people without skills into the US and essentially ended large-scale immigration from Europe.

7 Walter Cronkite – Cronkite was a much beloved network anchor who began the politicization of America’s news media with his infamous broadcast from Vietnam that described the Tet Offensive as a major victory for the Communists and significantly turned the gullible American public against the Vietnam War. In fact, the Tet offensive was a military disaster for the NVA and Viet Cong, later admitted by North Vietnamese military leaders. Decades later Cronkite admitted he got the story wrong. But it was too late. The damage was done.

6 Bill and Hillary Clinton – It’s difficult to separate Team Clinton. Bill’s presidency was largely benign as he was a relative fiscal conservative who rode the remaining benefits of the Reagan era. But his sexual exploits badly stained the Oval Office and negatively affected America’s perception of the presidency. In exchange for financial support, he facilitated

the transfer of sensitive military technology to the Chinese. Hillary, a Saul Alinsky acolyte, is one of the most vicious politicians of my lifetime, covering up Bill’s sexual assaults by harassing and insulting the exploited women and peddling influence around the globe in exchange for funds for the corrupt Clinton Foundation. She signed off on the sale of 20% of the US uranium reserve to the Russians after Bill received a \$500,000 speaking fee in Moscow and the foundation (which supported the Clinton’s regal lifestyle) received hundreds of millions of dollars from those who benefited from the deal. Between them, they killed any honor that might have existed in the dark halls of DC.

5 Valerie Jarrett - The Rasputin of the Obama administration. A Red Diaper baby, her father, maternal grandfather and father-in-law (Vernon Jarrett who was a close friend and ally of Obama mentor Frank Marshall Davis) were hardcore Communists under investigation by the U.S. government. She has been in Obama’s ear for his entire political career pushing a strong anti-American, Islamist, anti-Israeli, socialist/communist, cling-to-power agenda.

4 Jimmy Carter - Carter ignited modern day radical Islam by abandoning the Shah and paving the way for Ayatollah Khomeini to take power in Tehran. Iran subsequently became the main state sponsor and promoter of international Islamic terrorism. When Islamists took over our embassy in Tehran, Carter was too weak to effectively respond thus strengthening the rule of the radical Islamic mullahs.

3 Lyndon Johnson – Johnson turned the Vietnam conflict into a major war for America. It could have ended early if he had listened to the generals instead of automaker Robert McNamara. The ultimate result was: 1) 58,000 American military deaths and collaterally tens of thousands of American lives damaged; and 2) a war that badly divided America and created left wing groups that evaded the draft and eventually gained control of our education system. Even worse, his so-called War on Poverty led to the destruction of American black families with a significant escalation of welfare and policies designed to keep poor families dependent on the government (and voting Democrat) for their well-being. He deliberately created a racial holocaust that is still burning today. A strong case could be made for putting him at the top of this list.

2 Barack Hussein Obama – Obama set up America for a final defeat and stealth conversion from a free market society to socialism/communism. As we get deeper into the Trump presidency, we learn more each day about how Obama politicized and compromised key government agencies, most prominently the FBI, the CIA and the IRS, thus thoroughly shaking the public's confidence in the federal government to be fair and unbiased in its activities. He significantly set back race and other relations between Americans by stoking black grievances and pushing radical identity politics. Obama's open support for the Iranian mullahs and his apologetic "lead from behind" foreign policy seriously weakened America abroad. His blatant attempt to interfere in Israel's election trying to unseat Netanyahu is

one of the most shameful things ever done by an American president.

1 John Kerry – Some readers will likely say Kerry does not deserve to be number one on this list. I have him here because I regard him as the most despicable American who ever lived. After his three faked Purple Hearts during his cowardly service in Vietnam, he was able to leave the US Navy early. As a reserve naval officer and in clear violation of the Uniform Code of Military Justice, he traveled to Paris and met privately with the NVA and the Viet Cong. He returned to the United States parroting the Soviet party line about the war and testified before Congress comparing American soldiers to the hordes of Genghis Khan. It was a clear case of treason, giving aid and comfort to the enemy in a time of war. We got a second bite of the bitter Kerry apple when as Obama's Secretary of State, he fell into bed with the Iranian ("Death to America") mullahs giving them the ultimate green light to develop nuclear weapons along with billions of dollars that further supported their terrorist activities. Only the heroic Swift Vets saved us from a Manchurian Candidate Kerry presidency. Ultimately we got Obama.

Dishonorable Mentions!

John Brennan – Obama's CIA director who once voted for Communist Gus Hall for president. A key member of the Deep State who severely politicized the CIA. Called President Trump treasonous for meeting with the president of Russia.

Jane Fonda – movie actress who made the infamous trip to Vietnam during the war in support of the Communists. She represents hard left Hollywood that has done

so much damage to our culture.

Jimmy Hendrix and **Janice Joplin** – Both revered entertainers helped usher in the prevailing drug culture and personally suffered the consequences. Karma's a bitch.

Robert Johnson /BET – Helped popularize who's, bitches and pimps while making millions on great hits such as "Jigga my Nigga," "Big Pimpin," "Niggas in Paris," and "Strictly 4 My N.I.G.G.A.Z." Many scholars within the African American community maintain that BET perpetuates and justifies racism by adopting the stereotypes held about African Americans, affecting the psyche of young viewers through the bombardment of negative images of African Americans. Who can disagree?

Arthur Ochs Sulzberger, Jr./The New York Times – Once the gold standard of American journalism, the paper always had a liberal tilt and occasionally made bad mistakes. As the years have gone along, the paper has slid further and further left and today is virtually the primary propaganda arm of the increasingly radical Democrat Party. Still retains influence in Washington and New York.

George Soros – Jewish former Nazi collaborator in his native Hungary who as a self-made billionaire has poured hundreds of millions of dollars into left wing groups and causes. The damage he has caused is difficult to measure, but it's certainly large. He has funded much of the effort to kill the Trump presidency.

Frank Marshall Davis – Anti-white, black Bolshevik, card-carrying Soviet agent. Probable birth father and admitted primary mentor of young Barack Hussein Obama."

The Clinton Foundation et al. CORRUPTION

Editor's Note: The following information is riveting. It details how corrupt officials in very high places in our government have colluded to mislead, deceive, and break the laws of the land. They have brought shame to the offices they have held and hopefully they will be prosecuted for their misdeeds.

Submitted by lonestarbellever PATRIOTS UNITE.

"I am passing this on from someone who's connecting some dots with input from sources he cannot reveal.

Here's what it looks like when all the pieces are sewn together. It smells like conspiracy and treason. Everyone needs to read this. Slowly, and patiently, because it's **very important...**

From 2001 to 2005 there was an ongoing investigation into the **Clinton Foundation**. A Grand Jury had been impaneled.

Governments from around the world had donated to the "Charity." Yet, from 2001 to 2003 none of those "Donations" to the **Clinton Foundation** were declared. Now you would think that an honest investigator would be able to figure this out.

Look who took over this investigation in 2005 – none other than **James Comey**. **Coincidence?** Guess who was transferred into the Internal Revenue Service to run the Tax Exemption Branch of the IRS? None other than, **Lois "Be on The Look Out" (BOLO) Lerner**. **Isn't that interesting?**

But this is all just a series of strange coincidences, **right?**

Guess who ran the Tax Division inside the Department of Injustice from 2001 to 2005?

None other than the Assistant Attorney General of the United States, **Rod Rosenstein**.

Guess who was the Director of the Federal Bureau of Investigation during this time frame?

Another coincidence (just an anomaly in statistics and chances), but it was **Robert Mueller**.

What do all four casting characters have in common? **They all were briefed and/or were front-line investigators** into the **Clinton Foundation** Investigation.

Another coincidence, right? Fast forward to 2009...

James Comey leaves the Justice Department to go and cash-in at **Lockheed Martin**.

Hillary Clinton is running the State Department, official government business, on her own personal email server. The **Uranium One "issue"** comes to the attention of the **Hillary**.

Like all good public servants do, supposedly looking out for America's best interest, she decides to support the decision and approve the sale of 20% of US Uranium to no other than, the Russians.

Now you would think that this is a fairly straight up deal, except it wasn't, **America got absolutely nothing out of it**. However, prior to the sales approval, no other than **Bill Clinton** goes to Moscow, gets paid 500K for a one-hour speech; then meets with **Vladimir Putin** at his home for a few hours

Ok, no big deal right? Well, not so fast, the FBI had a mole inside the money laundering and bribery scheme.

Robert Mueller was the FBI Director during this time frame? Yep, He even delivered a Uranium Sample to Moscow in 2009.

Who was handling that case within the Justice Department out of the US Attorney's Office in Maryland?

None other than Rod Rosenstein. And what happened to the informant? The Department of Justice placed a GAG order on him and threatened to lock him up if he spoke out about it.

How does 20% of the most strategic asset of the United States of America end up in Russian hands when the FBI has an informant, a mole providing inside information to the FBI on the criminal enterprise? Very soon after; the sale was approved! 145 million dollars in "donations" made their way into the **Clinton Foundation** from entities directly connected to the **Uranium One** deal.

Guess who was still at the Internal Revenue Service working the Charitable Division? None other than **Lois Lerner**.

Ok, that's all just another series of coincidences, **nothing to see here, right?** Let's fast forward to 2015.

Due to a series of tragic events in Benghazi and after the 9 "investigations" the House, Senate and at State Department, **Trey Gowdy** who was running the 10th investigation as Chairman of the Select Committee on Benghazi discovers that the **Hillary** ran the State Department on an **unclassified, unauthorized, outlaw personal email server**. He also discovered that none of those emails had been turned over when she departed her "Public Service" as Secretary of State which was required by law. He also discovered that there was Top Secret information contained within her personally archived email.

Sparing you the State Departments cover up, the nostrums they floated, the delay tactics that were

employed and the outright lies that were spewed forth from the necks of the *Kerry State Department*, we shall leave it with this... they did everything humanly possible to cover for *Hillary*.

Now this is amazing, guess who became FBI Director in 2013? **None other than James Comey**; who secured 17 no bid contracts for his employer (*Lockheed Martin*) with the State Department and was rewarded with a six million dollar thank you present when he departed his employer? **Amazing how all those no-bids just went right through at State, huh?**

Now he is the FBI Director in charge of the "*Clinton Email Investigation*" after of course his FBI Investigates the *Lois Lerner "Matter"* at the Internal Revenue Service and **he exonerates her**. Nope...couldn't find any crimes there.

In April 2016, *James Comey* drafts an exoneration letter of *Hillary Rodham Clinton*, meanwhile the DOJ is handing out immunity deals like candy. **They didn't even convene a Grand Jury!**

Like a lightning bolt of statistical impossibility, like a miracle from God himself, like the true "Gangsta" *Comey* is, *James* steps out into the cameras of an awaiting press conference on July the 8th of 2016, and exonerates the *Hillary* from any wrongdoing.

Do you see the pattern?

It goes on and on –*Rosenstein* becomes Asst. Attorney General, *Comey* gets fired based upon a letter by *Rosenstein*, *Comey* leaks government information to the press, *Mueller* is assigned to the Russian Investigation sham by *Rosenstein* to provide cover for decades of malfeasance within the FBI and DOJ and the story continues.

FISA Abuse, political espionage...pick a crime, any crime, chances are...this group and a few

others did it:

- **All** the same players.
- **All** compromised and conflicted.
- **All** working fervently to **NOT** go to jail themselves.
- **All** connected in one way or another to the *Clinton's*.

They are like battery acid; they corrode and corrupt everything they touch. **How many lives have these two destroyed?**

As of this writing, the *Clinton Foundation*, in its 20+ years of operation of being the largest International Charity Fraud in the history of mankind, **has never been audited by the Internal Revenue Service.**

Let us not forget that *Comey's* brother works for *DLA Piper*, the law firm that does the *Clinton Foundation's* taxes.

The person that is the common denominator to all the crimes above and still doing her evil escape legal maneuvers at the top of the 3 Letter USA Agencies? Yep, that would be *Hillary R. Clinton*.

Now who is *Lisa Barsoomian*? Let's learn a little about Mrs. *Lisa H. Barsoomian's* background.

Lisa H. Barsoomian, an Attorney that graduated from Georgetown Law, is a protégé of *James Comey* and *Robert Mueller*.

Barsoomian, with her boss *R. Craig Lawrence*, represented *Bill Clinton* in 1998.

Lawrence also represented: *Robert Mueller* **three** times; *James Comey* **five** times; *Barack Obama* **45** times; *Kathleen Sebelius* **56** times; *Bill Clinton* **40** times; and *Hillary Clinton* **17** times.

Between 1998 and 2017, *Barsoomian* herself represented the FBI at least **5** times. You may be saying to yourself, OK, **who cares?** Who cares about the work history of this *Barsoomian* woman?

Apparently, someone does, because someone out there cares so much that they've "**purged**" all *Bar-*

soomian court documents for her *Clinton* representation in *Hamburg vs. Clinton* in 1998 and its appeal in 1999 from the DC District and Appeals Court dockets (?).

Someone out there cares so much that even the internet has been "**purged**" of all information pertaining to *Barsoomian*.

Historically, this indicates that the individual is a protected CIA operative. Additionally, *Lisa Barsoomian* has specialized in opposing Freedom of Information Act requests on behalf of the intelligence community. Although *Barsoomian* has been involved in hundreds of cases representing the DC Office of the US Attorney, her email address is *Lisa Barsoomian at NIH.gov*.

The NIH stands for National Institutes of Health. This is a tactic routinely used by the CIA to protect an operative by using another government organization to shield their activities.

It's a cover, so big deal right?

What does one more attorney with ties to the US intelligence community really matter?

It deals with *Trump* and his recent tariffs on Chinese steel and aluminum imports, the border wall, DACA, everything coming out of California, the Uni-party unrelenting opposition to *President Trump*, the *Clapper* leaks, the *Comey* leaks, Attorney General *Jeff Sessions* recusal and subsequent 14 month nap with occasional forays into the marijuana legalization mix...and last but not least *Mueller's* never-ending investigation into collusion between the *Trump* team and-the Russians.

Why does *Barsoomian*, CIA operative, merit any mention? BECAUSE...she is Assistant Attorney General *Rod Rosenstein's* WIFE!!!

Editor's note: Republicans need to be outraged and demand that Congress open investigations to bring charges against the above-mentioned criminals who have hidden behind the safety of their federal jobs.
